# Chart Research

- 24 Oct 1942 First Juke Box chart published in Billboard magazine (through 17 June 1957).
- 22 May 1948 First Best Sellers chart (through 13 October 1958).
- 22 Jan 1955 First Disc Jockey (Airplay) chart (through 13 October 1958).
- 20 Oct 1958 First Hot R&B chart (which combines Record Sales, Radio Airplay and Juke Box plays).
- 30 Nov 1963 No **Billboard** R&B singles charts. **Cash Box**'s R&B chart is taken into account (through 23 January 1965)
- 30 Jan 1965 **Billboard** chart was reinstated.
- 28 Nov 1992 First Hot R&B chart using a combination of actual singles POS sales (from Nielsen SoundScan) and actual radio airplay from Broadcast Data Systems (BDS), instead of sales reports and radio playlists.
- 20 Oct 2012 The Hot R&B Singles chart is now based on digital downloads and streaming data which are combined with airplay from all radio formats to determine position.

## MULTIPLE R&B CHARTS 1948 - 1958

The single's chart debut date in this book is taken from the chart on which it first appeared if it hit more than one of the following R&B singles charts published from 1948-58: Best Sellers, Juke Boxes Jockeys. The single's highest position listed in the peak position column is taken from the chart on which it achieved its highest ranking. Also, that single's total weeks at #1 position are taken from the chart on which it achieved its highest total.

The Heavy Edition of this book also contains the single's total weeks charted.

# #1 HITS

This section lists, in chronological order, the Number One Singles from October 1942 to December 2016.

For the years 1948 through 1958 (when *Billboard* published more than one weekly R&B chart) special columns are used to show the weeks each # 1 record spent on each of the various R&B charts.

The date shown is the earliest date that a record hit # 1 on any of the R&B charts. The weeks **bold** column lists the total weeks at # 1, from whichever chart it achieved its highest total. This total is not a combined total from the various R&B charts.

Because of the multiple charts used in our research, some dates are duplicated, as certain # 1 hits may have peaked on the same week on different charts; therefore, the total weeks for each year may calculate out to more than 52.

# YEAR-END CHARTS

This section lists, in chronological order, the Annual Top 20 charts from 1946 to 2016. These are the original Year-End charts as they published in Billboard magazine.

For 1964 we use Cash Box's Year-End chart, because Billboard magazine didn't publish an annual list for that year.

The Complete Top 100 Annual charts are available on the Heavy Edition of this book.

# TOP ARTISTS

This section ranks the Top 300 artists from 1942 to 2016. We use a sophisticated point system that takes into account the peak chart position and the weeks on chart.

1) Each artist's Top 10 singles are given points based on their highest charted position:

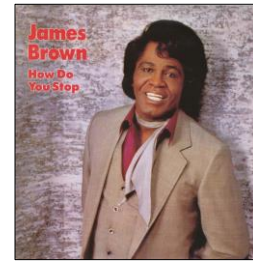

- #1 100 points
- #2 99 points
- #3 98 points
- #4 97 points
- #5 96 points
- #6 95 points
- #7 94 points
- #8 93 points
- #9 92 points
- #10 91 points

2) Bonus 10 points for every week at #1

3) Total weeks charted are added in. (Heavy Edition only)

## **Featured Artists Points Adjustment**

Due to the large number of "featured" artists appearing on today's recordings, our ranking method give no points to an artist shown as a "featured" artist than the lead artist.

# ARTIST INDEX

In this section of **R&B Hit Singles**, we list every record that has hit the R&B Top Ten singles chart from 24 October 1942 to 31 December 2016.

The information is presented alphabetically by artist's first name (instead of the surname), and then chronologically for each hit.

Each hit single is catalogued with the following information: date disc first hit the chart, title of hit, highest position the hit reached on the chart, and total number of weeks spent at #1.

The Heavy Edition also contains the total number of weeks spent on the chart.

#### **Symbols:**

- ① Number One Hit
- ▲ Top Three Hit

#### **Collaborations:**

We have credited collaborative hits under the entries of only the lead artists involved. So, for example, you will find Diana Ross and Lionel Richie's 1981 hit, "Endless Love", listed twice - once under Diana Ross and once under Lionel Richie. The points of this hit are given to both artists.

However, due to the large number of "featured" artists appearing on today's recordings, the hits of an artist shown as a "featured" artist are not listed under his or her own chart-ography.
